"I no longer needed a stairlift in my home and after many quotes from various companies on how much it would cost me to have it removed, Unwanted Stairlifts actually paid me to have it removed! I couldn't believe it and they even cleaned up after themselves!" Mary - Keighley, West Yorkshire

"I have just bought a new house, only problem was that it had a stairlift installed which I don't need. I really thought I would have to pay for someone to come and remove it for me. Imagine my amazement when Unwanted Stairlifts actually gave me money for something I didn't need or want! Thanks" Mr Smith - Leeds
